

Giving Patients the Respiratory Care They Deserve

Equipment-based Respiratory Therapy Patient Care Solutions from Agiliti provide the technology and service needed for optimal care of respiratory patients. By acquiring, providing and maintaining the latest in respiratory technology, we help your caregivers focus more on caring for their patients and less on equipment issues.

Solutions that let everyone breathe easy

An unexpected census spike. A seasonal flu outbreak. Agiliti Respiratory Therapy Solutions answer these challenges by giving you quick, 24/7 access to expertly maintained RT equipment delivered patient-ready. Our large inventory means your caregivers get the exact model of equipment they already know how to use. And our customized rental programs can give you the cost savings benefits of long-term rental plus the flexibility to meet peak and seasonal equipment demands.

The equipment you need, when you need it

The Respiratory Therapy Patient Care Solutions provide the right RT equipment when and where your caregivers need it. You reduce costs, reduce risk, simplify equipment management and are better equipped to care for your respiratory patients.

About Agiliti

Agiliti helps hospitals reclaim millions of dollars in wasted medical equipment. The company places equipment management experts and clinical engineers in more than 7,000 hospitals to ensure that the right equipment is in the right place at the right time. Onsite services free nurses and other clinicians to spend more time caring for patients and less time searching for the equipment they need. Agiliti also provides responsive rental services for a full range of equipment, including respiratory systems, infusion therapy devices, specialty beds and surgical lasers. A nationwide network allows the company to serve all health systems and hospitals across the U.S.
